PUBLIC RECORDS REQUESTS

The District recognizes that records created, prepared, owned, used, and maintained by the District are the property of the public and shall fully comply with Oregon Public Records Law. Oregon Revised Statute 192.324 describes public access to copies or inspection of public records and authorizes a public body to establish fees to reimburse for the actual cost in making public records available.

Public records may be requested by visiting: <https://www.tvfr.com/133/Public-Records>

If costs are less than the estimated amount, the requester will only be charged for the actual costs incurred by the District and the additional amount will be reimbursed to the requester.

EXTRATERRITORIAL (UNPROTECTED LANDS) RESPONSE

In accordance with ORS 478.310(1), a cost-based fee may be imposed when help is asked of the fire district to respond outside of the fire district in unprotected or inadequately protected territories where existing mutual aid agreements do not cover the type of response requested. This may apply to any type of emergency response requested including fire, EMS, rescue or other.

Responses outside of the fire district boundaries that are not required in existing mutual aid agreements, similar intergovernmental agreements, or contract agreements, are discretionary. The adoption of this fee schedule is not a contract to provide any service outside of district boundaries.

UNCONTROLLED FIRE OR PUBLIC SAFETY INCIDENT ON UNPROTECTED LANDS

In accordance with ORS 476.280 and ORS 476.290, a cost-based fee may be imposed to respond to an uncontrolled fire burning on unprotected lands situated outside of the district which may cause undue jeopardy to life or property within the Fire District. Through adoption of this fee schedule, in accordance with ORS 476.280(1), the Board of Directors authorizes the Fire Chief or the Fire Chief's designee to determine if an uncontrolled fire on unprotected land is causing or may cause undue jeopardy to life or property to District residents or property without additional authorization. The fees under this scenario are imposed on the owner(s) of the property or properties involved in the fire or public safety incident as directed under ORS 476.290.

AIRPLANE, FREEWAY, WATERWAY OR RAILROAD INCIDENT RESPONSE

In accordance with ORS 478.310(2), a cost-based fee may be imposed for responses to incidents involving an airplane or incidents on a freeway, roadway, waterway or railroad right of way against which no taxes or assessments for fire protection are levied by the district. Fees under this scenario will not be imposed on district residents involved in airplane, freeway, waterway or railroad incidents.

SUPPRESSION OF UNLAWFUL FIRE

In accordance with ORS 478.965, a cost-based fee may be imposed when firefighting resources are required to respond and be used actively or on a standby basis in connection with the extinguishment or control of a fire that has been started or allowed to spread in willful violation of TVF&R outdoor burning rules, including high-fire danger burn bans. The person(s) determined by the District to be responsible therefore shall be liable for cost of apparatus or personnel necessary for controlling, extinguishing, or patrolling the fire.

WILLFUL, MALICIOUS OR NEGLIGENT FIRES ON ODF PROTECTED LANDS

In accordance with ORS 477.068 and ORS 477.085, a cost-based fee may be imposed when firefighting resources are required to respond to a fire on Oregon Department of Forestry (ODF) protected land where the owner or operator was found by ODF to be willful, malicious or negligent in the origin or subsequent spread of the fire. Cost recovery in this scenario shall be requested through ODF.

INCIDENT COST RECOVERY, CONTINUED

HAZARDOUS MATERIAL INCIDENTS

In accordance with ORS 453.382, a cost-recovery fee may be imposed when the TVF&R Regional Hazardous Materials Team is dispatched to an incident involving a hazardous material or hazardous substance. TVF&R or the State Fire Marshal may recover costs from the person responsible for causing the incident for the cost of the response. The fee may also include cost of billing and collecting response costs, including but not limited to costs of administration, investigation, and legal services. The billing shall be on forms established by the State Fire Marshal for such purposes.

INCIDENT COST RECOVERY PROCEDURES

Incident Cost Recovery Methodology: Fees are calculated based on the actual cost of providing the service or as allowed by statute. The district may use the Oregon Fire Service Mobilization Plan published by the Oregon State Fire Marshal to determine costs. Costs may include but are not limited to incident management teams, administrative and logistical support, and contracted expenses such as aircraft and earth moving equipment.

Responsible Party. The District shall be responsible for determining the responsible party for each invoice in accordance with this Fee Schedule, District policy and state law as applicable.

Collection Procedures. Fees will be invoiced within 60 days of the end of the incident or soon thereafter. Payment is due within 60 days from date of receipt. If payment is not made within 60 days, the invoice shall be considered delinquent, and the District may proceed with collections or other actions as allowed under state law. The District may also pursue recovery of attorney's fees and costs as permitted by statute.

Appeals. To file an appeal of a fee assessed under this section of the Fee Schedule, the appellant must provide a written statement to the Fire Chief within 15 days of receipt of the fee invoice. The appeal must clearly state why the fee should not be applied to the appellant. The Fire Chief or designee will issue a written decision within 30 days.
