Note: In May 1997, Oregon voters approved Measure 50 that revised the property tax system state-wide effective July 1, 1997. For property tax purposes, the measure changed a property's assessed valuation from real market value to a value for tax purposes. In addition, the maximum assessed value of a property was limited to a maximum of 3% growth per year. Accordingly, since that date, there is a difference between market value and assessed value.

Apparatus and Vehicle Replacement Schedules

Apparatus and Vehicle Replacement Schedules

In the early 1980s, the District developed a capital replacement program. A major portion of this program provided for the scheduled replacement of response apparatus. When the program was initiated, a 20-year replacement cycle was utilized for major response apparatus. These schedules were developed during a time when the pace of District operations was far slower than today. At that time, very few 20-year-old pumper had more than 40,000 miles on them, and apparatus were much less complex than modern apparatus, with most systems mechanical in nature.

As the District has grown, so have the requirements that are put on apparatus. Today, it takes four years or less to put 40,000 miles on a front line apparatus. Today's apparatus are far more complex, depending upon microprocessors and electronics to operate.

In the mid-1990s, the District recognized that a 20-year replacement cycle was no longer reasonable. At that time, an aggressive replacement program was put into place, which was designed to pave the way for a sustainable 15-year apparatus replacement cycle for front line units.

The recommended replacement schedule was developed in a manner consistent with the priorities developed by the District's Fleet Operations Manager, the Fire Chief's Office, and the recommendations of NFPA 1901. It is intended to ensure that front line response apparatus remain the top priority for funding. At the same time, it also recognizes that we are experiencing changes to the very nature of our operations. Specialty apparatus are identified throughout the replacement schedule with regard to growth projections, anticipated funding measures and the changes to the District's service delivery models.

One of the most important functions of the replacement schedule has been to provide a planning and budgeting tool that permits flexibility as the District's Service Delivery Model continues to change and grow. As an example of this flexibility, a progressive **Apparatus Transfer Plan** has been instituted to allow the District the flexibility to move apparatus throughout the District to meet changing deployment plans and provide a more sustainable use of the apparatus throughout its entire life cycle.

It should be emphasized that the replacement schedules listed below are not firm schedules; actual vehicle replacement is based upon a number of factors including mechanical condition, frequency of use, vehicle utilization, and maximum residual value.

The replacement schedule, as currently laid out, would require an average of \$2,500,000 per year (current dollars) to maintain. This funding level would be adequate to accommodate changes to the District's service delivery model in the future.

Glossary

Account	A term used to identify an individual asset, liability, expenditure control, revenue control, or fund balance.
Accrual Basis of Accounting	The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time or not).
Ad Valorem	In proportion to value. A basis for levying tax upon property.
Alarm	A call received by the Dispatch Center, which is then related to the appropriate fire station for emergency response.
AED	Automated external defibrillator - a device that automatically analyzes the heart rhythm and if it detects a problem that may respond to an electrical shock, then permits a shock to be delivered to restore a normal heart rhythm.
Alarm Assignment	Single unit or multiple unit response package that is pre-determined in Computer Aided Dispatch (CAD) based upon the type of incident dispatched.
ALS	Advanced Life Support. Emergency medical care that may include all basic life support actions, plus invasive medical procedures, including IV therapy, administration of antiarrhythmic and other specified medications and solutions.
AMP	Asset Management Program. Business model that assists with management of Integrated Operations assets.
AODP	Apparatus Operator Development Program
Appropriation	A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.
ARU	Alternate response vehicle, e.g., Car.
ASA	Ambulance Service Area
Assess	To establish an official property value for taxation.
Assessed Valuation	The total taxable value placed on real estate and other property as a basis for levying taxes.
Assets	Property owned by a government that has monetary value.
Auxiliary Volunteer	A group of "on-call" citizens, who assist with various department functions, e.g., maintaining and operating the antique fire apparatus, providing rehabilitation services at incidents, assisting the Community Service Division at various events, and performing clerical duties.
AVL	Automatic Vehicle Location. Means for determining and transmitting the geographic location of a vehicle in real time using global positioning systems (GPS).
Balanced Budget	Resources equal the requirements in every fund.
Battalion	The District is separated into three geographical battalions: C5, C6 and C7. Each battalion is staffed with a Battalion Chief who manages the daily operations of that area.
BC	Battalion Chief

Glossary, continued

Battalion Chief	An Operations manager with rank above Captain. Directly responsible for the supervision of a Battalion and daily operational readiness of the Battalion on their assigned shift. Responds to and takes command of emergencies. Also, directly supervises several assigned stations.
Behavioral Health	Refers to the reciprocal relationship between human behavior and the well-being of the body, mind, and spirit. In the Fire District, this relates to interpersonal and group coaching, counseling, and Critical Incident Stress Debriefing (CISD).
BLS	Basic Life Support. Emergency medical care generally limited to non-invasive procedures, such as airway maintenance, breathing support, CPR, hemorrhage control, splinting of suspected fractures, management of spinal injury, and protection and transport of the patient in accordance with accepted procedures. BLS providers with special training may also use semiautomatic defibrillators for cardiac defibrillation.
Bond	A written promise to pay a specified sum of money (principal or face value) at a specified future date (maturity date), along with periodic interest paid at a specified percentage. The difference between a note and a bond is the latter usually runs for a longer period of time and requires greater legal formality.
Bonded Debt	The portion of indebtedness represented by outstanding bonds.
Box Alarm	A predetermined assignment for an incident, usually a fire, which dispatches four engines, one truck, one rescue unit, and two Duty Chiefs. In an area without hydrants, two additional water tenders are dispatched.
Brush Rig	Four wheel drive engines with small pumps and water supply capabilities that are specifically designed for wildland-urban interface fires.
Budget	A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). Used without any modifier, the term usually indicates a financial plan for a single fiscal year. The term "budget" is used in two senses in practice. At times, it designates the financial plan presented to the appropriating body for adoption and sometimes the plan finally approved by that body. It is usually necessary to specify whether the budget under consideration is preliminary and tentative or whether the appropriating body has approved it. <i>See also Capital Budget and Capital Program.</i>
Budget Document	The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to the past years' actual revenues, expenditures, and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect.
Budget Message	A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the governmental unit's experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.
Budgetary	The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitation of available appropriations and available revenues.

BUG	Broadband Users Group. The District is part of an intergovernmental agreement with several neighboring cities and special districts to share the use of a public communication network, Internet access, communication devices, and equipment.
CAD	Computer Aided Dispatch. Method of dispatching emergency response apparatus and personnel via a mobile data terminal.
Capital Assets	Assets with initial value greater than \$5,000 and having a useful life greater than one year. Capital assets are also referred to as fixed assets.
Capital Budget	A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget. A Capital Program is sometimes referred to as a Capital Budget. <i>See also Capital Program.</i>
Capital Outlay	Expenditures for the acquisition of capital assets.
Capital Projects	Projects that purchase or construct capital assets.
Capital Projects Fund	A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities and/or designated fixed assets.
Capital Program	A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures
Captain	Rank above Lieutenant. Responsible for the overall administration of his/her assigned station, including operational readiness, personnel supervision, and the station's budget.
Category A Zones	Property within the District's service area, but outside the Urban Growth Boundary, having a fairly high density of industrial, commercial, and residential structures.
Category B Zones	Property within the District's service area, but outside the Urban Growth Boundary, that is primarily rural property, but having low risk structures.
Category C Zones	Property within the District's service area, but outside the Urban Growth Boundary that is primarily agricultural land with relatively low population density and low risk structures.
CCFD#1	Clackamas Fire District #1
CDC	Center for Disease Control
CFAI	Commission on Fire Accreditation International
Code 1	Non-emergency response mode; lights and sirens are not used and traffic laws are followed.
Code 3	Use of red lights and sirens by apparatus during emergency response.
COML	Communication Unit Leader.
Company	A work unit comprised of a piece of apparatus and its assigned crew.
Core Volunteer	A group of trained citizen firefighters who are "on call" to augment the District's career firefighters.
CPR	Cardiopulmonary Pulmonary Resuscitation

Glossary, continued

CPSE	Center for Public Safety Excellence
CRR	Community Risk Reduction. The coordinated effort of Integrated Operations to identify and prioritize risks within a 'first due' area and develop interventions to minimize the probability, occurrence, or impact of a risk.
Current Liabilities	Liabilities that are payable within a relatively short period of time, usually no longer than a year.
Current Taxes	Taxes levied and becoming due during the current fiscal period, from the time the amount of the tax levy is first established, to the date on which a penalty for nonpayment is attached.
Debt	An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governmental units include bonds, time warrants, notes, and floating debt. <i>See also Bond, Certificates of Participation, and General Long-Term Debt.</i>
Debt Limit	The maximum amount of gross or net debt that is legally permitted.
Debt Service Fund	A fund established to finance and account for the payment of interest and principal on all general obligation debt, serial, and term, other than that payable exclusively from special assessments and revenue debt issued for and serviced by a governmental enterprise. Formally called a Sinking Fund.
Delinquent Taxes	Taxes remaining unpaid on and after the date on which a penalty for nonpayment is attached. Even though the penalty may be subsequently waived and a portion of the taxes may be abated or canceled, the unpaid balances continue to be delinquent taxes until abated, canceled, paid, or converted into tax liens. Note: The term is sometimes limited to taxes levied for the fiscal period or periods preceding the current one, but such usage is not entirely correct. <i>See also Current Taxes and Prior Years Tax Levies.</i>
DPSST	Department of Public Safety, Standards, and Training
Depreciation	Expiration in service life of fixed assets, other than wasting assets, attributable to wear and tear through use and lapse of time, obsolescence, inadequacy, or other physical or functional cause. The portion of the cost of a fixed asset charged as an expense during a particular period. Note: The cost of a fixed asset is prorated over the estimated service life of the asset and each period is charged with part of such cost so that ultimately the entire cost of the asset is charged off as an expense. In governmental accounting, depreciation may be recorded in proprietary funds and trust funds where expenses, net income, and/or capital maintenance are measured.
Dispatch	The agency responsible for receiving emergency and non-emergency calls and for sending the appropriate apparatus and personnel to respond to the call.
Division	The District is divided into two administrative geographic areas (Integrated Operations Divisions), called Divisions. Three battalions report to the two Divisions.
Division Chief	Rank above Battalion Chief. North and South Divisions are each commanded by a Division Chief. In addition, there are several major departments led by Division Chiefs, e.g., Training and Logistics.
Door-to-Balloon	Time from arrival of a STEMI patient at the ER door till their blocked coronary vessel is opened by the "balloon" procedure in the cath lab, which restores blood flow.
E-GIS	Enterprise GIS is a platform for delivering organization-wide geospatial capabilities while improving access to geographic information and extending geospatial capabilities to nontraditional users of GIS.
EMC	Emergency Management Cooperative

EMD	Emergency Medical Dispatch. A set of standardized questions asked by 9-1-1 dispatchers to determine the level of EMS response to an incident.
EMT	Emergency Medical Technician. One who is trained and adept at different levels of medical skills. The state of Oregon has three levels: EMT-Basic, EMT- Intermediate, and Paramedic.
EOP	Emergency Operations Plan
ERP	Enterprise Resource Planning. Integrated computer-based system used to manage internal and external resources including tangible assets, financial resources, materials, and human resources.
Evolution-Data Optimized	A communications standard for the wireless transmission of data through radio signals, typically for broadband Internet access.
Engine	A piece of apparatus that carries and pumps water, and carries ladders, hose, and medical supplies. All District engines provide ALS emergency medical capabilities.
Engineer	Rank above Firefighter. In addition to performing all the assigned duties of a Firefighter, an Engineer maintains the equipment and drives the apparatus. Also called Apparatus Operator.
EOC	Emergency Operations Center. Assembly of incident management staff responsible for directing and coordinating operations of one or more public service agencies in a catastrophic emergency, whether natural or manmade (e.g., flood, windstorm, terrorism).
Equipment	Tangible property of a more or less permanent nature (other than land, buildings, or improvements other than to buildings), which is useful in carrying on operations (e.g., machinery, tools, trucks, cars, furniture, and furnishings).
EVOC	Emergency Vehicle Operations Course
Expenditures	Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered, whether cash payments have been made or not. Where the accounts are kept on the cash basis, the term designates only actual cash disbursements for these purposes.
Expenses	Charges incurred, whether paid or unpaid, for operation, maintenance, and interest, and other charges that are presumed to benefit the current fiscal period. Note: Legal provisions sometimes make it necessary to treat as current expenses those charges with benefits that extend over future periods. For example, purchase of materials and supplies that may be used over a period of more than one year, and payments for insurance that are to be charged in their entirety to the appropriation of the year in which they are incurred and classified as expenses of that year, even though their benefits extend also to other periods.
FEMA	Federal Emergency Management Agency
Firefighter	Performs firefighting and rescue operations for combating, extinguishing, and prevention of fires, as well as for saving life and property. District Firefighters are required to be certified as EMT-Basics or Paramedics.
Fiscal Year	A twelve-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations.
FireRMS	Computer program acquired in 1999, used to track fire prevention activities, station logbooks, and training data.
First Due Area	Clusters of G-Zones that are assigned to the station that can travel faster to a specified point within that zone.

Glossary, continued

FirstNet	First Responder Network Authority, authorized by Congress in 2012. Its mission is to develop, build and operate the nationwide, broadband network that equips first responders to save lives and protect U.S. communities.
First Pass	The first attempt to place an endotracheal tube into a patients trachea.
Fixed Assets	Assets of a long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment. Initial costs must exceed \$5,000 and have a life greater than one year.
FMZ	Fire Management Zone. The State of Oregon is segmented into a grid system based on one and one quarter mile sections. This grid system is a tool for map navigation and reference purposes.
FOC	Fire Operations Center. Assembly of District incident management staff responsible for directing and coordinating operations of the District in a catastrophic emergency, whether natural or manmade (e.g., flood, windstorm, terrorism).
FSA	Flexible Spending Account
FSAB	Fire Standards and Accreditation Board, which is now under BPSST (Board on Public Safety Standards and Training), whose standards are set forth by the state of Oregon, that determines the amount and type of education needed to fulfill the competencies required for certification for all fire personnel from Firefighter to Fire Marshal.
FTE	Full Time Equivalent employee, based on the hours worked by a full-time employee in that job classification.
FTEP	Field Training Evaluation Program
FTO	Field Training Officer
Function	A group of related activities aimed at accomplishing a major service or regulatory program for which a governmental unit is responsible.
Fund	An independent fiscal and accounting entity with a self-balancing set of accounts, recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities that are segregated for the purpose of carrying on specific activities of attaining certain objectives.
Fund Balance	The excess of the assets of a fund over its liabilities and reserves, except in the case of funds subject to budgetary accounting where, prior to the end of a fiscal period, it represents the excess of the period over its liabilities, reserves, and appropriations for the period.
G-Zone	Geographic zones distributed throughout the entire District that are the basis for establishing response orders in CAD.
General Fund	A fund used to account for all transactions of a governmental unit that are not accounted for in another fund.
General Long-Term Debt	Long-term debt legally payable from general revenues and backed by the full faith and credit of a governmental unit.
General Obligation Bonds	Bonds for which payment the full faith and credit of the issuing body are pledged.
GIS	Geographic Information Systems

GEMT Funds	GEMT draws funds from the federally-backed Medicaid entitlement program, allowing public EMS providers the ability to collect a percentage of their uncompensated costs for providing care to Medicaid patients.
GFOA	Government Finance Officers Association
Gross Bonded Debt	The total amount of direct debt of a governmental unit represented by outstanding bonds before deduction of any assets available and earmarked for their retirement.
Hazardous Material	Any substance or matter that is likely to inflict injury or harm or impose great or continued risk unless dealt with in a manner prescribed by state and federal regulations.
Heavy Rescue	The District has two Heavy Rescues. They have specialized equipment and personnel for heavy/complex extrication. When combined with a support unit, they become the Technical Rescue Team, which have specialized equipment and training for rope rescue, building collapse, trench rescue, and confined space rescue.
HFD	Hillsboro Fire Department
HRA	Health Reimbursement Arrangement
IAFC	International Association of Fire Chiefs
IC	Incident Command.
IMT	Incident Management Team
Incident	An event involving a fire, medical emergency, hazardous material spill, or release/potential release of a hazardous material. See <i>Alarm</i> .
Incident Support Volunteer	Incident Support Volunteers provide support functions on emergency scenes such as rehabilitation and air management.
In-service	Training session/class held for District employees.
Interface	The area where native vegetation and manmade structures meet. This area is generally difficult to protect from a fire perspective due to the unusual amount of vegetation surrounding the manmade structures. Also called wildland/urban interface.
Internet	An electronic communications network that connects computer networks and organizational computer facilities around the world.
Intranet	Internal communications network based upon Internet technology used for departmental exchanges of information.
Internal Control	A plan of organization for purchasing, accounting, and other financial activities that, among other things, provides that: <ul style="list-style-type: none"> ▶ The duties of employees are subdivided so that no single employee handles a financial action from beginning to end; ▶ Proper authorizations from specific responsible officials are obtained before key steps in the processing of a transaction are completed; and, ▶ Records and procedures are arranged appropriately to facilitate effective control.
Just Culture	A system used to implement organizational improvement through a set of design laws that influence the District's ability to create desired outcomes.

Glossary, continued

Kelly Day	An unpaid day off taken by line personnel at a scheduled interval in addition to normal time off or vacation.
KPI	Key Performance Indicator
LOFD	Lake Oswego Fire Department
Lateral Entry	Term referring to career or volunteer firefighters who have been employed in a similar position with another fire service agency. This employment must meet TVF&R and Civil Service guidelines.
Lieutenant	Rank above Engineer. A Lieutenant is generally responsible for day-to-day operations of a fire station and his/her company.
Light Brush	Light Brush apparatus are “pickup” style units that carry a small tank of water and a portable slide in style pump designed for maneuverability and off road firefighting. Some units are staffed day to day to add additional units to TVFR operations for medical and small trash type fires. They can be used as a Oregon State Fire Marshal conflagration deployment qualified vehicle for state wild fires. Light brush units have the capacity of carrying up to 4 personnel but when staffed for day to day operations they usually are staffed with 2 personnel.
Mass Casualty Incident (MCI)	An emergency incident with ten or more patients needing medical care.
Maverick Map	A package of features, revolving around an accurate digital map, which improves the efficiency and the effectiveness of emergency service delivery and administration.
Medic	Apparatus used to respond primarily to medical calls and capable of transporting patients to area hospitals. The District has several Medic units staffed during peak hours.
Mobile Data Computer	Also referred to as an MDC.
Mobile Emergency Responder Radio Coverage	Also referred to as MERRC.
MET	Medical Equipment Technician
MIH	Mobile Integrated Health
Modified Accrual Basis	The basis of accounting under which expenditures, other than accrued interest on general long-term debt, are recorded at the time liabilities are incurred and revenues are recorded when received in cash, except for material and/or available revenues that should be accrued to reflect properly the taxes levied and revenue earned.
Multiple Patient Scene (MPS)	An emergency incident with fewer than ten patients needing medical care.
Munis	The District’s integrated business operations software system (an ERP software program) that replaces five different pieces of software and many shadow systems.
NAPSG	National Alliance for Public Safety GIS
Net Bonded Debt	Gross bonded debt, less any cash or other assets available, and earmarked for its retirement.

NFIRS	National Fire Incident Reporting System
NFPA	National Fire Protection Association
NIMS	National Incident Management System
OCEM	Office of Consolidated Emergency Management
ODP	Officer Development Program
Occupancy	The use to which property is put into: an occupied building or part of a building (as an apartment or office).
OFCA	Oregon Fire Chiefs Association. A membership organization that strives to provide leadership and valued services to support fire chiefs and administrative officers throughout the state.
OFSA	Oregon Fire Service Office Administrators. A networking and educational organization for administrative personnel serving Oregon Fire Service agencies - from Fire Chiefs and Administrative Assistants to Entry Level Clerk positions.
OMG	Onboard Mobile Gateway
OMM	Onboard Mobility Manager
OnSceneRMS	Computer program acquired in 2007, used to track incident response information.
Operating Budget	A budget that applies to all outlays other than capital outlays. <i>See Budget.</i>
Operating Center	Also known as a Division Office, Operating Centers were established in the North and South areas of the District to better serve their service areas. Each Operating Center acts as a headquarters for a Division Chief, fire prevention and Integrated Operations personnel, a Public Affairs Officer, and support staff.
Operating Expenses	Expenses for general governmental purposes.
Operating Statement	A statement summarizing the financial operations of a governmental unit for an accounting period as contrasted with a balance sheet that shows financial position at a given moment in time.
OSHA	Occupational Safety and Health Administration
Paramedic	The highest level of training an EMT can reach in the state of Oregon.
PAT	Process Action Team
PERS	Public Employees Retirement System. A State of Oregon defined benefit pension plan to which both employees and employers contribute.
PDP	Paramedic Development Program
PF&R	Portland Fire & Rescue
PIO	Public Information Officer
POD	Peripheral Observation Device, which enables Training personnel to receive real-time heart rate data wirelessly from the recruits to their PC screens.
PPE	Personal Protective Equipment, utilized by firefighting personnel. Includes breathing apparatus, turnouts, boots, gloves, etc.

Glossary, continued

Prior Years	Taxes levied for fiscal periods preceding the current one.
Tax Levies	
PSBT	Public Safety Broadband Trust
QI	Quality improvement
Quantum	Type/style of a Pierce engine that can seat four to six Firefighters. The majority of the District's engines are of the Quantum style.
Rate Collar	The Oregon PERS system has adopted a contribution rate stabilization method whereby contribution rates for a rate pool are confined to a collar based on the rate pool's prior pension contribution rate.
Resources	The actual assets of a governmental unit, such as cash, taxes receivables, land, buildings, etc. Contingent assets such as estimated revenues applying to the current fiscal year not accrued or collected, and bonds authorized and unissued.
Response	Actions taken by the District in answer to a citizen's request of services. This includes the initial dispatch, travel time, and on-scene care of the patron.
Response Orders	The order in which units are dispatched to a G-Zone (first due unit, second due unit, third due unit, etc.).
Revenue	The term designates an increase to a fund's assets that:
	<ul style="list-style-type: none">▶ Does not increase a liability (e.g., proceeds from a loan).▶ Does not represent a repayment of an expenditure already made.▶ Does not represent a cancellation of certain liabilities.▶ Does not represent an increase in contributed capital.
RFOG	Regional Fire Operations Group
RMS	Records Management System, software that is part of the Sunpro suite.
Saber	A style of Pierce engine cab style that can seat six firefighters and has a small pumping capacity
SB 122	Original Oregon Senate Bill No. 122, which mandated a cooperative boundary resolution process between cities and affected districts.
SCBA	Self-Contained Breathing Apparatus
Shift	A term used to describe the typical 24-hour period of time line crews are officially on duty. As an example, a shift begins at 0700 and ends the following morning at 0700.
Skyboom	An engine with an elevated master stream of 61 feet.
SOG	Standard Operating Guidelines
Special Revenue Fund	A fund used to account for revenues from specific taxes or earmarked revenue sources, which by law are designated to finance particular functions or activities of government. Includes intergovernmental revenue in the form of state and federal grant funds.
Squad	A piece of apparatus that is used for support at an incident. A squad carries extra air bottles, lights, and rehabilitation supplies for personnel working at an incident.
Squirt	An engine with a top mounted ladder that can extend to approximately 65 feet.

STEMI	Segment Elevated Myocardial Infarction. Occurs when a coronary artery is totally occluded by a blood clot.
Talent Management	An integrated strategy for successfully recruiting, developing, retaining, and advancing employees to improve business performance.
Target Solutions	A district-wide learning management and training records application. It holds online content and records for all suppression and EMS personnel, and is being expanded to provide both required and optional training and resources for all personnel.
Task Force	A pre-determined alarm assignment in Computer Aided Dispatch (CAD) that includes multiples units. Task force assignments are primarily used for incidents with a higher probability of severity and incident complexity (e.g., fires, explosion, technical rescue, hazardous materials, train accident).
Tax Levy	The total amount to be raised by general property taxes.
Tax Rate	The amount of tax levied for each \$1,000 of assessed valuation.
TDA	Tractor Drawn Aerial Truck. Also referred to as a Tiller.
Taxes	Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.
Technical Rescue	Any kind of incident that requires specialized training or equipment that is used to provide assistance to a victim(s), e.g., tunnel collapse, water-related accidents, hazardous materials spills. The District has four technical rescue teams: Water Rescue, Technical Rescue (rope, building collapse, extrication, confined space rescue), and Hazardous Materials.
Tender	A piece of apparatus that carries water to supply an engine in a rural area.
TIF	Tax Increment Financing. One of the financing mechanisms for urban renewal plans, which can leverage the property tax revenues resulting from growth in an urban renewal area.
Truck	A piece of apparatus that carries a full complement of ground ladders, plus has an aerial ladder capable of extending 105 feet.
Turnouts	Protective gear worn by firefighters.
UASI	Urban Areas Security Initiative. A grant program through the Department of Homeland Security and FEMA. The program funds address the unique planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and assist them in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from acts of terrorism.
Unappropriated Fund Balance	Where the fund balance at the close of the preceding year is not included in the annual budget, this term designates that portion of the current fiscal year's estimated revenues, which has not been appropriated. Where the fund balance of the preceding year is included, this term designates the estimated fund balance at the end of the current fiscal period.
Urban Growth Boundary	A regional boundary, set in an attempt to control urbanization by designating the area inside the boundary for higher density urban development and the area outside the boundary for lower density rural development.
Urban Renewal	A program of land re-development in areas of moderate to high density urban land use.
Vimeo	An online video service.

Glossary, continued

VoIP	Voice Over IP (Internet Protocol). The District implemented a VoIP system in fiscal year 2010, replacing a PBX phone switch, which reduced telephone service costs and added new-found efficiencies at the desktops to manage phone and messaging services.
Volunteer Firefighter	Volunteer Firefighters respond in conjunction with first due companies.
