Emergency Go - Kit Passport
This is your Emergency Go-Kit Passport which contains your emergency information. Take the time to work through this passport and create a valuable family emergency action plan.

How to use this Emergency Go-Kit Passport

Take the time with family members to fill this passport with the information you will need in an emergency.

Use this passport to create a record of your important information. Keep current medical and communication information in one easy-to-find location.

Put this passport with your emergency medications in your refrigerator or in your go-kit. Put a copy in your child’s backpack. Keep a copy at work.

Seven Step Emergency Action Plan

1. Identify Hazards in or around your home
2. Create a Disaster Action Plan
3. Prepare Emergency Go-Kits
4. Identify weaknesses
5. Protect yourself during a disaster
6. Evacuate, if necessary
7. Follow your plan

Additional Information:

Mark two escape routes from each room.
Where is the gas shut-off valve?
Where is the water shut-off valve?
Where are the oxygen tanks stored?
Draw a map or paste a map of your neighborhood on this page. Show evacuation routes, assembly areas, etc.

Know what kind of natural hazards are in your area and how to get alerts on a weather alert radio. Tornado? Flood? Earthquake? Wildfire? Tsunami? Winter Storm?

Don’t assume that you have no natural hazards in your area just because there hasn’t been a disaster in recent memory. Knowledge and preparation can mean the difference between life and death.
